**'evidence is mounting that routine wisdom teeth removal is  
May 28th, 2020 - the uk gave up on routinely removing wisdom  
teeth without solid evidence back in 1998 after a study at the  
university of york concluded that there was no scientific  
evidence to support it that same year the royal college of  
physicians of edinburgh said that for patients who don t have a  
condition related to third molars removal is not advisable'**
