"L'autore CASSANDRA KHAW writes a lot. Sometimes, she writes press releases and excited emails for Singaporean micropublisher Ysbryd Games. Sometimes, she writes for technology and video games outlets like Eurogamer, Ars Technica, The Verge, and Engadget.

Mostly, though, she writes about the intersection between nightmares and truth, drawing inspiration from Southeast Asian mythology and stories from people she has met. She occasionally spends time in a Muay Thai gym punching people and pads.".
