

## Night School Jack Reacher 21 English Edition By Lee Child

"I know I say this every year. . .But. Best. Reacher. Ever." (*Karin Slaughter*)It's just a voice plucked from the air: 'The American wants a hundred million dollars'. For what? Who from? It's 1996, and the Soviets are long gone. But now there's a new enemy. In an apartment in Hamburg, a group of smartly-dressed young Saudis are planning something big. **In the morning they gave Reacher a medal, and in the afternoon they sent him back to school.** Jack Reacher is fresh off a secret mission. The Army pats him on the back and sends him to a school with only three students: Reacher, an FBI agent, and a CIA analyst. Their assignment? **To find that American. And what he's selling. And to whom. Although the Jack Reacher novels can be read in any order, *Night School* is 21st in the series.** . .
