

George Eliot Middlemarch English Edition By George Eliot

“And how should Dorothea not marry?—a girl so handsome and with such prospects? Nothing could hinder it but her love of extremes, and her insistence on regulating life according to notions which might cause a wary man to hesitate before he made her an offer, or even might lead her at last to refuse all offers. A young lady of some birth and fortune, who knelt suddenly down on a brick floor by the side of a sick laborer and prayed fervidly as if she thought herself living in the time of the Apostles—who had strange whims of fasting like a Papist, and of sitting up at night to read old theological books!”.
